About This Game

Drive over 15 vehicles, operate large cranes and machines, complete easy and complex objectives and explore an open world environment. Construction Truck Simulator is like no other simulator, it's the complete simulation package packed with variety of objective based levels such as:

- Airport: Tow airplane, unload luggage and passengers, refuel plane etc..
- Construction: Build, transport machinery, operate large cranes etc..
- Depot: Remove and replace vents, transport light goods etc..
- Dockyard: Unload containers, operate large cranes, transport heavy cargo etc..
- Recovery: Recover broken down vehicles

Features:

- Detailed 3D environment
- Over 15 Vehicles to drive
- Operate cranes, machines, large trucks, trailers and trolleys

STEAM Version VS Mobile Version

Construction Truck Simulator is also available on mobile platforms, however the game offers a *very* different experience between the different platforms. The mobile version requires each level and vehicle to be progressively unlocked - which takes a lot of time, while the Steam version comes with all core levels unlocked from the start. The graphics on the Steam version are given a major overhaul with full AA, dynamic shadows, reflection and bloom effects. The controls and interface have also been optimised for PC.
